

The Destiny of Donated Clothing

Fast Fashion _ What Went Wrong

by Canjie Zhao

What Is The Topic? --

- Research about Fast Fashion;
- What went wrong with it? And find a topic to make deeply research;
- Explain “what went wrong” instead of suggesting a solution;

– My Concept –

- People like buying new clothing, and buying too much;
- They feel bad if they throw the good clothing. And think donate them will give them a good ending.
- In fact, it is not;
- I will tell how they go as their destiny from my research;
- Make a video to tell a sad story.
